THE PRESIDENT'S CORNER

Hello Lamond-Riggs Family,

We are back from our summer break and excited about the upcoming program year. Of importance, the LRCA is looking forward to celebrating its 75th anniversary in 2023. Yes, that is correct the LRCA has been in existence for that long! If you would like to be part of this milestone celebration, it will be important that you pay your membership dues for the current fiscal season (see: <https://lrcadc.org/membership-join>). Unsure if you have paid your dues for the 2023 fiscal year? Reach out to us at membership@lrcadc.org and we'll check your account.

The LRCA Development Task Force has been working over the summer to ensure that public amenities such as parks are part of the building projects in our neighborhood. To do this, the team is directly surveying the community regarding the unused—DC-owned—greenspace at the southwest corner of the intersection of Riggs Road and South Dakota Avenue, NE, near Food and Friends. As per LRCA and the District's plans for our neighborhood, we desire the land to remain public, open greenspace (void of large building structures). We are seeking your feedback and suggestions for improving the land and making it a beautiful and usable community park. Go to <https://lrcadc.org/community-greenspace> to complete this survey. Wish to complete the survey offline? Hardcopies are available for pickup and dropoff at the Lamond-Riggs Library, the Riggs-LaSalle Recreation Center, Lamond Recreation Center, and Cultural Coffee Too. Your responses to this quick survey are due by October 15th.

Please remember to get in touch with us or if you have a community concern, you can always reach out to us by calling 202-838-6058 or sending an email to ask@lrcadc.org.

I look forward to seeing you on October 3, 2022 at 7PM.

Most Respectfully,
Barbara Rogers, LRCA President

LEGISLATIVE UPDATE

From Council member Lewis-George's Office (Ward 4)

The Green New Deal for Social Housing Bill—Introduced in April of 2022, the bill seeks to create 'deeply affordable, green housing that puts our planet and our people first'. The bill is scheduled for a hearing on November 17, 2022.

Upcoming Bill to address the rise of public litter cans from being removed from Ward 4 and other DC neighborhoods without notice

—The new legislation would require the DC DPW (Department of Public Waste) to post a notice of intent before removing public trash bins. This companion legislation would support the CLEAN Collections Act that was introduced in March of 2022 that would require multifamily buildings to provide trash cans, recycling cans, or dumpsters that can hold at least 32 gallons of solid waste per residential unit; require that trash be collected at least twice per week; and add a civil penalty or fine of at least \$500 for repeat violations. The DCPS Digital Equity Act of 2022 Legislation Passes

This bill requires DCPS to develop a three-year comprehensive plan that ensures all students and educators have the devices and technology needed to succeed and learn. It also creates a committee of community stakeholders to guide the development of this plan and requires the DC Auditor to review the initial plan to ensure it meets the requirements of the law. Of importance, this bill's cost was already funded in the FY23 budget, so comprehensive planning on tech equity won't have to wait.
